

Insulated Grounding Bushing

Features:

- Die-cast zinc bushing
- Polypropylene liner is rated at 105°C
- Dual-rated aluminum lay-in lug for copper or aluminum conductors
- Clamping and set-screw are made of steel

Application:

To provide a compact means of grounding conduit through an insulated bushing. The insulation protects conductors from abrasion during pulling and mechanical vibration.

Cat. No.	Trade Size	Grounding Lug Wire		Dimensions (in)	
		Min.	Max.	A	B
MGGB-050	1/2"	14 AWG	4 AWG	1.81	0.54
MGGB-075	3/4"	14 AWG	4 AWG	2.04	0.53
MGGB-100	1"	14 AWG	4 AWG	2.28	0.63
MGGB-125	1-1/4"	14 AWG	4 AWG	2.64	0.65
MGGB-150	1-1/2"	14 AWG	1/0 AWG	2.90	0.69
MGGB-200	2"	14 AWG	1/0 AWG	3.37	0.93
